

Subject: Property Fraud Alert program through PI Co Reg of Deeds

Hello,

I wanted to reach out to all of you to provide you with the information we have in the Register of Deeds Office for a new program, Property Fraud Alert. This is a free service offered to land owners in Presque Isle County. The attached sheet has the information needed to get registered and to set up an account for email notifications for any documents that would get recorded in your name in the county land records system. Once the account is set up, you will be able to receive notifications on your mobile devices and laptops. We do not have a program that will provide a phone call at this time.

Another feature that we have added is the ability to search the land records with a Google type interface. You can access this new method of searching the land records by going to <https://presqueisle.mi.publicsearch.us/>

You will be directed to the "Quick Search" page to enter a name or you can click on "Advanced Search" to set up more criteria for your searching. If someone does not have an email to set up an account and register for the Property Fraud Alert, you can use this feature to check the records periodically to see if anything new has been recorded against your property. Please feel free to share this information with others.

Let me know if you have any questions!

Regards,
